

The Annual Quality Assurance Report (AQAR) of the IQAC
(For Universities)

Institutions Accredited by NAAC need to submit an Annual self-reviewed progress report i.e. Annual Quality Assurance Report (AQAR) to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the IQAC at the beginning of the Academic year. *The AQAR period would be the Academic Year. (For example, 1st June 2020 to 31st May 2021)*

3. The Context

What were the contextual features or challenging issues that needed to be addressed in designing and implementing this practice (in about 150 words) ?

In ancient time Educational Institutions were very famous and honoured for their traditional teaching and learning process, which were humbly called Guru - ShishyaParampra. To indicate this ancient tradition there was one more very reputed word "Sampradaya". Due to these Parampara or Sampradaya we got very unique status of World - Teacher (Vishva - Guru) unanimously in all over the world. It is also well - known fact that so many world class scholars visited India to get ultimate and rich knowledge of Upanishads, Vedas and different sections of Indian Philosophies. Without any break, this tradition is facilitating our Shastric Studies officially through the Central Sanskrit University and government approved Sansthan established in different part of the state. Apart from these central and state level institutions India has so many private institutions which are following strictly their particular *Sampradaya* and *Guru Shishyaparampara* thoroughly to protect Shastric knowledge. The pass out students of these Pathasalas are admitted in our Prakshastri (+2) & Shastri (+3) courses of Campus. Finally they admitted to Acharya(M.A) and Vidyavaridhi (Ph.D) courses . India is recongnised for two major aspects – Sanskrit and Culture . This Campus aims at the fulfilment these main aspects .

4. The Practice

Describe the practice and its uniqueness in the context of India

higher education. What were the constraints / limitations, if any, faced (in about 400 words) ?

Protection and preservation of this Guru - Shishya (tradition) is itself a challenging job in the present materialistic society . This practice may be traced back to ancient Gurukulas developed during the period of Vashishtha, Sandipani and Kanva . Most of the Sanskrit Universities and colleges are rigorously following this tradition. If the Shastras are protected, then its credit goes to these incredible Indian *Guru - Shishya Parampara* only. In all over India, there are so many living Gurukulas where students are learning Shastras from very early age. There are Sanskrit Pathashaalas where the students are getting admissions at early age to study different Shastras traditionally from eighth class. All these *Gurukulas* and *Pathashaalas* are in fact feeders of our Sanskrit institutions for Higher Education.

For the benefit of the teachers, we are strictly following the U.G.C. norms of Career Advancement Scheme. We have adopted an institution friendly and pro teacher approach to administration for which we are interacting with the faculties of different departments and trying to solve their problems at our level. Apart from this, we have formed different Committees for good governance and better interaction and our achievement in this direction is quite spectacular. We have to create many mile stones in the path of progress to promote Sanskrit which is considered as the hidden treasure buried under heaps of rubbish.

The syllabus and curriculum designed by this University are mainly based on Sanskrit learning and job oriented. It is also felt that Sanskrit is nearer to the Computer and closer to Management, Human Resources Development and Medicine. The aim of Sansthan is to link Sanskrit with modern technology so that the Sciences of Charaka, Shusruta, Chanakya, Bharadvaja and Barahamihira come out for the welfare of the human society.

In addition to Science and Technology, we have achieved many more with regard to financial development for mundane pleasure. This growth is unhealthy and stays away from peace and tranquillity. Sanskrit provides peace and satisfaction to the human being. It is felt that foreigners being tired of living with materialism have accepted the Indian way of life.

The eighth schedule of Indian constitution envisages the importance of Sanskrit language. After independence, for the promotion and propagation of this language, Govt. of India established Sanskrit Commission in 1956 under the Chairmanship of Sri Suniti Kumar Chatterjee. On its recommendations, Rashtriya

Sanskrit Sansthan and State Sanskrit Academies were established having momentum in achieving the goal. The campus is taken over by the Rashtriya Sanskrit Sansthan and the erstwhile ShriSadashiva College was renamed as ShriSadshivaKendriya Sanskrit Vidyapeetha, Puri and subsequently declared as deemed to University on 7.5.2002 and ever since it is progressing in all dimensions achieving its multifarious objectives.

1. Permanent appointed experienced faculty.
2. Active participation of students in University activities.
3. Infra-structural facility of the University extended to the local Community for service.
4. Eco-friendly campus.
5. Parents teacher Association (PTA)
6. Alumini-Association
7. Women's Empowerment Cell to inculcate a consciousness among them for Sanskrit learning and also to enable themselves for fighting against social injustice inflicted here & there upon them.

The Campus is facing a lot of problems as there is less number of supporting Teaching & Non-Teaching Staff to run the administrative office as well as teaching Departments. As result of which teaching and office works affected the normal academic growth of the campus.

Large buildings have been constructed in the campus getting financial assistance from the MOE, GOI. A multi purpose Hall, Admin block, 2 block are a bare necessity. For its maintenance, repair and renovation no maintenance wing has yet been established. The University being situated near by sea shore, the buildings suffer deterioration due to saline climate which needs immediate and timely repair and maintenance. The University is six kms. away from the District Head quarter Hospital, Puri. Where as no fee medical facilities in near by areas are available. The Health Centre of the Campus is having only one part time Doctor and at times it creates problem on his part to cater to the needs of the students.

Though there is standard Library Building, but lack of adequate staff text books, reference books, journals the teachers and students are not getting the benefit as they should.

5. Evidence of Success

Provide evidence of success such as performance against targets and benchmarks, review results. What do these results indicate? Describe in about 200 words.

The Campus monitor its target and results as per programme of the academic calendar. The Heads of the Departments are accountable to monitor the performance of the department to achieve the target set forth. The IQAC is also monitoring the progress of teaching learning facility apart from feedback received from students. The growing intake of the students in different course and also introduction of new specialized branches of studies reveal that academic programmes are running properly. The results framework documents prepared annually and monitored to ensure that the targets and benchmarks are achieved.

The Campus also have implemented various directives issued by the Ministry based on the recommendations of the Administrative Reform Commission and other higher bodies to set the system in the proper mode of functioning. Introduction of The Central Evaluation System has facilitated the functioning of the Campus very effectively in terms of timely publication of results. Pass out students of this campus are mainly engaged as Sanskrit Teacher in the state and out of the state .Besides , many of them have been engaged in Karmakanda . Priest in the temples , Police and Public Services

6. Problems Encountered and Resources Required

Please identify the problems encountered and resources required to implement the practice (in about 150 words).

There are some branches of higher studies in Sanskrit Shastraic where opportunities of employment are yet to be generated. Under the circumstances, the teaching of the Sanskrit Shastras requires inter - disciplinary approach and comparative discourse with other valuable literatures available in Tibbetan, Mangolian, Chinese, Pali, Prakrit languages. Further, a comprehensive policy should be framed for teaching of Sanskrit language, literature and shastras in secondary and higher secondary level at government and non - government institutions to ensure availability of students for higher studies. Apart from these constraints, efforts should also be made to create job opportunities for the students of Sanskrit .It has also been observed that in the name of tradition priests are practicing without having adequate knowledge of shastras. This results in propagation of superstition as well as declining of faith in the conventional tradition and their wisdom. This should not be encouraged in the society. There should be a monitoring body for such practices as has been done in case practicing Ayurveda.

As there is less job opportunity in Sanskrit, students are attracted

	<p>towards science and IT streams. After education they are going to abroad resulting in brain drain in the country . The ancient lore i.e. archery , music , dance , agriculture, administration and cultivation as mentioned in Kautilya's Arthashastra should be included to the syllabic of Sanskrit Universities . To adopt modern technology, We are also shortly introducing choice based credit system.</p> <p>Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC.</p>

7.3.1	<i>Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)</i>
Q1M	<p>Provide the weblink to:</p> <p>Puri is world famous holy abode of Lord Jaganath temple which is one among four Dhams of India. So Sanskrit is essence of Puri culture and tradition from time immemorial and the Puri temple is famous world wide for the Universal brotherhood. No discrimination in Puri with regard to rich, poor, sex caste. The Prasad of Lord Jaganath is known as Mahaparasad and there is no bar in partaking Mahaparasad by all. In earlier days Puri was a hub of eminent Sanskrit scholars. Our institution has a vital role to distribute Sanskrit knowledge in all categories of people openly. So many poor Brahmin students are benefited by our institution, which help them in their livelihood. Our campus has big and beautiful garden to enrich the environment as well as the beauty of our campus. The big playground not only helps our students to play different games but also the local people to play in that ground. Our big auditorium hall is unique in itself in the Puri city. Therefore our campus has a unique place in the heart of Odisha people. Puri campus is the biggest under sansthan in-term of students and staff strength, also having maximum number of departments. Many alumni of our campus engaged VCs in different renowned Universities and other key posts.</p> <p>The Department is to educate, empower and promote intellect through holistic learning towards individual growth and social progress. So Department's missions are</p> <ul style="list-style-type: none"> • To provide qualitative higher education hailing from rural as well as urban background students. • To facilitate critical thinking and creativity. • To impart knowledge and skill for the development of the self through value based education. • To strive for excellence with the state of the Sanskrit, art, value facilities etc.

	<p>To remove the critical impediments the campus works jointly to enable the students to strengthen their capacities through contextualized response.</p> <p>Students are trained in values through seminars, workshops, youth festivals etc. As the department believes that it is vital for the individual success as well as of society.</p> <p>Students are motivated to participate in diverse sports activities and have won prizes at the inter college, state and national level competitions. Each teacher is aware of students detail which is an unique and distinct feature of our department. Apart from this department organizes different social awareness programs which help the students to understand the social system and integrate their learning.</p> <p>Hence all measures are taken by the H.O.D, departmental staff to strive towards academic excellence, individual growth and ultimately for social progress and gainful employment.</p> <ul style="list-style-type: none"> • Institutional Distinctiveness on the Institutional website
